

MM51

Composted Organics & Mill Mud

A composted blend of KB36 and locally produced Mill Mud with super high organic matter enhancing the super bio-beneficial bacteria and fungi while meeting the unrestricted use classification in Australia.

AS4454- 2012 Compliant

100% recycled organic matter

100% Locally manufactured

Parameter	MM51*	AS4454
pH	7.00	> 5
Electrical Conductivity (dS/m)	2.02	< 10
Total Carbon (%)	30.11	≥ 20
Total Nitrogen (%)	1.27	≥ 0.8
Carbon/Nitrogen Ratio	24	..
Estimated Organic Matter (% OM)	51.2	..
Total Calcium (%)	1.61	..
Total Magnesium (%)	0.32	..
Total Potassium (%)	0.60	..
Total Phosphorus (%)	1.07	..
Plant Growth Test - Root Elongation (%)	95	> 90
Maturity Index	8	7 - 8
